PERCORSO ARCHEOLOGIA INDUSTRIALE  
E ALESSANDRO ROSSI

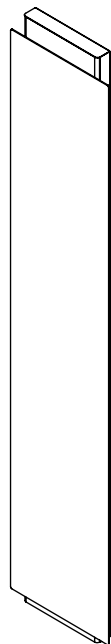

### Monumento al Tessitore

Questo monumento si eleva al piedi del Palazzo e in onore di Felice Tassinari (1812-1874), l'ultimo, ma non per questo meno importante, degli imprenditori del 1800. Il monumento è opera di Alessandro Rossi, che nel 1874, in un'occasione di grande manifestazione, si presentò con un progetto di monumento in onore di Felice Tassinari, un industriale che aveva contribuito alla nascita della manifattura tessile in Italia. Il monumento è opera di Alessandro Rossi, che nel 1874, in un'occasione di grande manifestazione, si presentò con un progetto di monumento in onore di Felice Tassinari, un industriale che aveva contribuito alla nascita della manifattura tessile in Italia. Il monumento è opera di Alessandro Rossi, che nel 1874, in un'occasione di grande manifestazione, si presentò con un progetto di monumento in onore di Felice Tassinari, un industriale che aveva contribuito alla nascita della manifattura tessile in Italia.

The monument stands in honor of the spirit of the cities of Milan, celebrating the 150th anniversary of the Italian unification. It was designed by Alessandro Rossi, who in 1874 presented a project of a monument in honor of Felice Tassinari, an industrialist who had contributed to the birth of the textile industry in Italy. The monument is a slender column with a statue on top, set against a green background.
